Dolphins Summer Splash Camp

Does your kid love to swim? This swim camp is structured similar to competitive events on a traditional swim team. Campers must be 6 years old or older and be able to swim the length of the pool unassisted.

River Robics

Take walking to a new level when you go for a stroll in the lazy river! This evening, cardio class features step aerobics, resistance work, and more. For ages 16 and older, it's a great way to discover the joys of physical activity in an intergenerational class.

We know that Water Works Park is fun, but we also believe it's a service to the community. It's essential to get outside and find new opportunities to engage

outside of the digital world. Recent research suggests that our quality of life improves when we spend time with our families and friends making connections. This fosters physical and emotional growth and can create bonds across generations.
